

Foundation Diploma in Accounting with AAT

This accounting diploma combines the excellence of Pitman Training's reputation and practical learning with industry leading knowledge from AAT, the professional body for accountancy.

It's an essential qualification for anyone just starting out on their financial career path looking for junior/entry level positions such as Bookkeeper, Accounts Assistant or Purchase Ledger Clerk for example.

It would also be a useful qualification to gain if you're a business owner wanting to confidently maintain and manage your business finances. No matter what your reasons for studying this qualification, you can be confident you'll gain a level of knowledge that means you can confidently apply your new found skills in any business setting.

Every business needs people with a strong grasp of figures, but to be in demand you also need to have the technical know-how to be able to input and report financial information using the latest software. Being able to provide business directors with accurate and timely reports and data analysis is crucial.

Whether you've already got basic skills or are venturing into the world of finance for the first time, this qualification could be the rocket to really launch your career in accounts.

This powerful diploma combines the excellence of Pitman Training's reputation and practical learning with industry leading knowledge from AAT (The Association of Accounting Technicians), the professional awarding body for accountancy.

There are a number of career and training progression options available from this qualification. If you hold a career goal of working as an Accountant or Management Accountant for example, from here you could opt to continue your studies and seek to obtain an Advanced Diploma in Accounting qualification and then fully consolidate your skills and really take them to the top level with a Professional Diploma in Accounting.

Climb the career ladder

This is a fantastic diploma for those who wish to gain the skillset required to work in the financial industry. You'll study a range of courses including manual bookkeeping, Sage, costing, along with gaining invaluable spreadsheet knowledge.

Not only will you gain the essential knowledge and understanding of basic accounting procedures, on successful completion you will be able to present your accounting qualification to potential employers and be confident in the knowledge that you've put yourself in the best possible position to climb the accounting career

ladder.

This diploma holds valuable skills for any accounting professional. Whether working within a large or small organisation, or as a consultant or self-employed accountant, the skills learnt here are valuable to all. Small business owners who look after their own finances also find this diploma hugely beneficial.

For the duration of your studies you'll gain access to MyAAT the online AAT study support site with resources, study guides, practice assessments etc. Once you've successfully completed your training you'll gain a Pitman Training certification and then be well placed to gain the AAT Foundation Certificate in Accounting qualification.

Aims and Objectives

Packed full of practical training the Foundation Diploma in Accounting with AAT is your blueprint for building a successful career in finance and holding such a prestigious qualification can open up many doors.
