

# Welcome to Pitman Training Edinburgh and Glasgow

TRANSFORMING PEOPLE. TRANSFORMING BUSINESSES

Edinburgh: 0131 556 5650

Glasgow: 0141 223 0090

**Improve**  
efficiency and  
**productivity**

Make sure your staff are up to speed,  
to keep your competitive edge.

- Attribute an ROI to the training budget
- Increase staff retention and loyalty
- Maximise business productivity
- Enhance profit growth

## Training solutions that suit your business needs:

Welcome to Pitman Training Edinburgh and Glasgow – proudly serving Scotland with training services since 1987.

We take pride in offering a diverse range of training solutions tailored to meet your specific needs. Whether you prefer flexible study options, individual courses, or comprehensive Award and Diploma programs, we have got you covered.

In this brochure, you'll discover an array of classroom training options, providing you with the opportunity to join us in person. Our workshops encompass a wide range of subjects, including IT and Personal Development, empowering you and your team with essential skills for success.

For your convenience, we host courses on scheduled dates throughout the year, catering to both Edinburgh and Glasgow locations. Additionally, we are excited to introduce our virtual classroom, enabling you to participate in courses from the comfort of your own space.

With Pitman Training, you'll embark on a journey of continuous learning and professional growth. We look forward to helping you achieve your goals and enhance your capabilities.

Book a course with us today to unlock your true potential!

## Don't see dates on our schedule that suit you?

We can arrange training for you on days and times that suit you best – we can even come to your workplace if that is convenient and appropriate to do so – just ask!

What our clients say:

**The overall experience for the face-to-face team was excellent.**

The course was engaging, motivational and it was easy to apply the skills learnt into everyday tasks. We would highly recommend Pitman Training Edinburgh and Glasgow as the requirements of the whole team were met. Thank you very much for the support from the moment we booked and throughout.

**Kelly Dunning – Time Management**

**CLINETIX**

**We wanted to increase team efficiency and turn our team into leaders for the future development and expansion of the company.**

Pitman Training Edinburgh and Glasgow helped by developing members of our team to a new level, gave them tools to increase levels of accountability, confidence and understanding. We really liked the relationship from start to finish, high levels of communication and the wide range of course subjects available. This offers the team areas of advancement but lets them choose their own individual areas of training. We will continue to use Pitman in the future for our training, your standards and quality of training are spot on, as with the handbooks also issued for later guidance.

**Charles Mair – Supervisory Skills, Management Skills, Leadership Skills**

What our clients say:

**We were able to use the training to upskill staff to ensure high standards are met when attending meetings to take minutes.**

We wanted everyone to be trained to the same level and to feel confident in what they were doing. Pitman Training Edinburgh and Glasgow offer both in person and virtual training, it enables staff to do the training virtually over two mornings, without the need for travel and they can fit this in during working hours. The courses provided exactly what we needed. The staff all really enjoyed the course and feel they have learnt a lot from it. We would definitely recommend Pitman for training requirements.

**Gemma Baxter – Meetings and Minutes**

**East Lothian  
Health & Social Care Partnership**

**Pitman has helped us develop staff in areas that benefit their roles. The flexibility of the training was beneficial to staff learning which was invaluable.**

We want to encourage staff to be the best version of themselves and to continue personal development throughout their careers with SFHA. We have used Pitman in the past and were really impressed with the service we received, and the course was enjoyable to the trainees.

I personally have used the Minute Taking and Train the Trainer courses. When I started working with SFHA my role involved lots of minute taking but without training I struggled to know whether I was doing a good job. The training allowed me to gain confidence in my job and gave me the skills I lacked. Train the Trainer was useful after a recent promotion where I found myself training colleagues for the first time. The skills I picked up from this course allowed me to confidently tackle my new role.

The courses were enjoyable the learning experience was very positive. It has helped with our own personal development plans as well as our team goals.

**Lynsey McKie – Train the Trainer, Meetings and Minutes**

# IT and Adobe Training Workshops

## Adobe Illustrator

For Individuals who are new to Illustrator or have only used Illustrator for limited tasks. During the course you will learn the fundamentals of Adobe Illustrator Creative Cloud from our certified Adobe Instructor. Classes are small group sessions guaranteeing time for practical training and questions and feedback from our tutor.

### What you will learn:

- Design principles, digital media theory (vector, resolution, raster)
- Illustrator interface, workspace and navigation, preferences and colour settings, rulers, guides and grids, colour and colour swatches.
- Shape and line tools, transform and modify elements, design alignment, shape builder.
- Combining shapes with the pathfinder, introduction to pen tool and Bezier curves, applying effects, drawing with brushes, import, link and embed elements.
- Working with images, clipping mask, converting pixels to vector – image tracing, styling, and formatting text, special characters, Adobe fonts, colour spaces (RGB, CMYK), export settings and file formats.
- Output and optimize work for digital print use, creative cloud libraries, hidden gems and shortcuts, efficiency workflow.

## Upcoming Courses:

<b>2024 Schedule</b>	<b>Edinburgh Dates</b>	<b>Glasgow Dates</b>	<b>Virtual Classroom Dates</b>
<b>January</b>	On demand	On demand	15 <sup>th</sup> January
<b>February</b>	On demand	On demand	12 <sup>th</sup> February

## Adobe InDesign

For individuals who are new to InDesign or have only used InDesign for limited tasks. Throughout the course you will learn the fundamentals of Adobe InDesign Creative Cloud from our certified Adobe Instructor. Classes are small group sessions guaranteeing time for practical training and questions and feedback from our tutor.

### What you will learn:

- Design principles, digital media theory (vector, resolution, raster). InDesign interface, workspace and navigation.
- InDesign preferences and colour settings, rulers, guides and view modes, page layout.
- Design alignment, working with layers, colour and colour swatches, automation settings, shape and frame tools, import, link and embed elements.
- Working with images, styling and formatting text, character and paragraph styles, special characters.
- Adobe fonts, introduction to the pen tool and Bezier curves, combining shapes with the pathfinder, master pages and master items.
- Text wrap, interactivity, spell check and proofing, colour theory, colour spaces (RGB, CMYJ).
- Export settings and file formats, output and optimise work for digital print use.
- Creative Cloud libraries, hidden gems and shortcuts, efficiency workflows

## Upcoming Courses:

## Excel Introduction

For individuals who have never used spreadsheets or the Excel application before or only used Excel for limited tasks. At the end of the day, you will be able to create professional-looking spreadsheets.

### **What you will learn:**

- **An Introduction to Excel** - the ribbon bar, enter move and clear data, saving in Excel, creating new workbooks, cut copy and paste, naming, deleting, and working with sheets.
- **Formulas** – introduction to basic formula, order of operations, add subtract multiply and divide, auto sum and auto average, percentages, absolute cell referencing.
- **Data Manipulation** – moving data, sorting, inserting rows and columns, widening rows and columns, deleting information.
- **Printing** – print preview, page layout, headers and footers and print area.
- **Formatting** – formatting numbers, formatting text, borders, and shading, align data.
- **Utilities** – introduction to charts, freeze panes, introduction to conditional formatting, auto fill options.

## Upcoming Courses:

<i>2024 Schedule</i>	<i>Edinburgh Dates</i>	<i>Glasgow Dates</i>	<i>Virtual Classroom Dates</i>
<i>January</i>			23 <sup>rd</sup> and 24 <sup>th</sup> January – 9.30 am – 12.30 pm
<i>February</i>	5 <sup>th</sup> February	2 <sup>nd</sup> February	
<i>March</i>			6 <sup>th</sup> and 7 <sup>th</sup> March – 1.30 pm – 4.30 pm
<i>April</i>	4 <sup>th</sup> April	8 <sup>th</sup> April	
<i>May</i>	28 <sup>th</sup> May		1 <sup>st</sup> and 2 <sup>nd</sup> April – 9.30 am – 12.30 pm
<i>June</i>		10 <sup>th</sup> June	
<i>July</i>			11 <sup>th</sup> and 12 <sup>th</sup> August – 9.30 am – 12.30 pm
<i>August</i>	5 <sup>th</sup> August	6 <sup>th</sup> August	
<i>September</i>			3 <sup>rd</sup> and 4 <sup>th</sup> September – 9.30 am – 12.30 pm
<i>October</i>	8 <sup>th</sup> October	15 <sup>th</sup> October	
<i>November</i>			5 <sup>th</sup> and 6 <sup>th</sup> November – 9.30 am – 12.30 pm
<i>December</i>		5 <sup>th</sup> December	

## Excel Intermediate

For individuals who are already using Excel, this course will streamline and perfect their Excel skills by teaching the more intermediate features available in the application.

### **What you will learn:**

- **Formula** – Vlookups, IF Statements, SumIf, CountIf, Text formula, Concatenate, linking spreadsheets.
- **Utilities** – Protecting data, hide and unhide data, named ranges, working with dates, comments, data validation, headers and footers.
- **Linking Data** – linking spreadsheets, identifying links, linking separate workbooks.
- **Data Analysis** – Updating Pivot Tables, filters, subtotals, icons and data bars in conditional formatting, filter and sort using colour.
- **Pivot Tables** – creating Pivot Tables, Pivot Charts, Slicers, refreshing data, updating ranges.

## Upcoming Courses:

<b>2024 Schedule</b>	<b>Edinburgh Dates</b>	<b>Glasgow Dates</b>	<b>Virtual Classroom Dates</b>
<i>January</i>	9 <sup>th</sup> January	12 <sup>th</sup> January	10 <sup>th</sup> and 11 <sup>th</sup> January– 1.30 pm -4.30 pm
<i>February</i>	6 <sup>th</sup> and 22 <sup>nd</sup> February	15 <sup>th</sup> February	
<i>March</i>		13 <sup>th</sup> March	
<i>April</i>	16 <sup>th</sup> April	18 <sup>th</sup> April	2 <sup>nd</sup> and 3 <sup>rd</sup> April – 9.30 am – 12.30 pm
<i>May</i>	9 <sup>th</sup> May	7 <sup>th</sup> and 31 <sup>st</sup> May	
<i>June</i>	6 <sup>th</sup> June	18 <sup>th</sup> June	26 <sup>th</sup> and 27 <sup>th</sup> June – 9.30 am – 12.30 pm
<i>July</i>	17 <sup>th</sup> July	2 <sup>nd</sup> July	
<i>August</i>	8 <sup>th</sup> August	16 <sup>th</sup> August	20 <sup>th</sup> and 21 <sup>st</sup> August – 9.30 am – 12.30 pm
<i>September</i>	10 <sup>th</sup> September	17 <sup>th</sup> September	18 <sup>th</sup> and 19 <sup>th</sup> September– 9.30 am – 12.30 pm
<i>October</i>	10 <sup>th</sup> October	21 <sup>st</sup> and 31 <sup>st</sup> October	
<i>November</i>	7 <sup>th</sup> November		14 <sup>th</sup> and 15 <sup>th</sup> November– 9.30 am – 12.30 pm
<i>December</i>	9 <sup>th</sup> December	4 <sup>th</sup> December	

## Excel Advanced

For Individuals who already use Excel to an Intermediate level. This course will teach you how to use Excel to analyze, collaborate and validate with Advanced features and tools which are extremely useful for auditing and streamlining your workflow.

### What you will learn:

- **Macros** – Editing and deleting macros, recording macros, customizing ribbon.
- **Review Data** – track changes, auditing tools, watch window, review changes, restricting data area.
- **Utilities** – Goal seek, data consolidation, power view reports, create scenarios, What -If analysis, drawing diagrams, recommended pivot tables.
- **Additional** – IfAnd/IfOr formula, IfNa formula, Convert to table, screenshots, removing duplicates, filter timeline, IfError, HLookups, Sparklines, Pivot tables, flash fill.

## Upcoming Courses:

<b>2024 Schedule</b>	<b>Edinburgh Dates</b>	<b>Glasgow Dates</b>	<b>Virtual Classroom Dates</b>
<i>January</i>	29 <sup>th</sup> January		
<i>February</i>		7 <sup>th</sup> February	26 <sup>th</sup> and 27 <sup>th</sup> February – 9.30 am – 12.30 pm
<i>March</i>	19 <sup>th</sup> March		
<i>April</i>			24 <sup>th</sup> and 25 <sup>th</sup> April – 1.30 pm – 4.30 pm
<i>May</i>		14 <sup>th</sup> May	
<i>June</i>	12 <sup>th</sup> June	4 <sup>th</sup> June	
<i>July</i>			16 <sup>th</sup> and 17 <sup>th</sup> July – 1.30 pm – 4.30 pm
<i>August</i>		1 <sup>st</sup> August	
<i>September</i>	5 <sup>th</sup> September		
<i>October</i>			16 <sup>th</sup> and 17 <sup>th</sup> October – 9.30 am – 12.30 pm
<i>November</i>		6 <sup>th</sup> November	
<i>December</i>	11 <sup>th</sup> December		12 <sup>th</sup> and 13 <sup>th</sup> – 1.30 pm – 4.30 pm

## Macros Deep Dive

In this 'Deep Dive' we will devote the full day to exploring Macros and how they are used in Excel. We recommend that you have a basic to intermediate understanding of Excel already.

### **What you will learn:**

- Introduction to Macros
- How to use the macro recorder
- Save your file support with macros
- Using absolute versus relative cell referencing when recording
- Run a macro from a button you create
- Use keyboard shortcuts to navigate during recording to get the correct result
- Apply macros to different sized data sets
- Add macro to Excel menu tabs
- Introduction to VBA Editor
- Add IF condition to macro VBA code
- Add Loop to macro VBA code
- Introduction to debugging VBA code
- Copy macros between workbooks

## Microsoft Project Introduction

For Individuals who have never used Project. The course is designed to cover all aspects of Project at an Introduction level; to provide you with a good overall grasp of the application – it’s different areas, features and how these can be adapted within a working environment.

### What you will learn:

- **Project Environment** – Starting a project, different view areas of project, loading a project.
- **Planning a project** – Overview of planning, creating a new base calendar, creating other calendars.
- **Tasks** – Interesting tasks, linking tasks through predecessors, creating phases within project, view scheduling options, deleting, moving and editing tasks.
- **Views** – alternative sheet views, viewing Gantt Charts, altering Gantt Charts.
- **Printing reports** – preview options, page setup, overview of project reports.
- **Track your projects** – create a baseline benchmark to mark against, view a tracking Gantt chart, see your project’s progress.

## Upcoming Courses:

<i>2024 Schedule</i>	<b>Edinburgh Dates</b>	<b>Glasgow Dates</b>	<b>Virtual Classroom Dates</b>
<i>January</i>	16 <sup>th</sup> and 26 <sup>th</sup> January		On demand
<i>February</i>		13 <sup>th</sup> February	On demand
<i>March</i>			On demand
<i>April</i>	17 <sup>th</sup> April		On demand
<i>May</i>		15 <sup>th</sup> May	On demand
<i>June</i>			On demand

## Microsoft Project Complete – 2-day course

For individuals who have never used Project or have only used Project for limited tasks. At the end of the 2-day sessions you will be able to create professional-looking planning documentation.

### What you will learn:

- **Project Introduction** – Ribbon bar overview, task area, Gantt chart area, view navigation, starting a project overview, project calendars.
- **Resources** – creating resource calendars, create resources, assign resources to tasks, over allocation, team planner view.
- **Creating Tasks** – insert tasks, delete, and move tasks, promote and demote tasks, link tasks, manual and auto scheduling, predecessors, task types, adding task summary and outline numbers, setting restraints.
- **Gantt Charts** – formatting Gantt Charts, altering Gantt Charts styles.
- Completing tasks – set baseline, tracking Gantt view, view reports, filter tasks, percentage complete.
- **Printing and views** – print preview, page setup.
- **Costs** – creating costs, assign costs to tasks, add new columns.

## Upcoming Courses:

<b>2024 Schedule</b>	<b>Edinburgh Dates</b>	<b>Glasgow Dates</b>	<b>Virtual Classroom Dates</b>
<i>January</i>		10 <sup>th</sup> and 11 <sup>th</sup> January	On demand
<i>February</i>			On demand

<i>December</i>			On demand

## Pivot Tables Deep Dive

In this ‘Deep Dive’ topic, we will devote the full day to exploring Pivot Tables and how they can be used for Data Analysis. We recommend that you have a basic to intermediate understanding of Microsoft Excel but no prior knowledge of Pivot Tables is required.

### What you will learn:

- Introduction to pivot tables
- Convert data to tables
- Adjust field list settings
- Create multiple reports with one click
- Add data bars to pivot tables
- Master pivot table settings
- Add and remove calculated fields to pivot tables
- Calculate the difference between columns
- Add smart custom number formatting
- Create custom groupings to pivot tables
- Group dates as unique
- Add slicers to easily filter data
- Add dynamic charts
- Add a timeline to pivot tables
- Introduction to Microsoft Power Pivot

## Upcoming Courses:

## Power BI Introduction

Learn how you can leverage Power BI to easily build reports and dashboards with interactive visualizations. Connect to and visualize any data using the unified, scalable platform for self-service and enterprise business intelligence (BI) that's easy to use and helps you gain deeper data insight.

### What you will learn

- Get to know the Microsoft Power BI Interface
- Understand the purpose of Microsoft Power BI for data analytics.
- Understand basics regarding capacities, workspaces, datasets, shared datasets, reports, and dashboards.
- Get to know data modelling and visualizations using various kinds of visuals like charts and tables.
- Learn how to filter, clean, and transform data with services like Power Query
- Understand aggregates and when to use them.
- Learn how to secure your data.
- Perform exercises to secure your knowledge and understanding.
- Create and share your first Power BI report.

**If attending our virtual classroom courses – you will need to have the Microsoft Power BI license in addition to Microsoft Office. Having a second display is beneficial but not required.**

## Upcoming Courses:

# Personal Development Workshops

## Assertiveness

This workshop is about helping you recognize your own type of behavior and how you come across to others. It will help you to identify situations in which you would like to be less aggressive or less passive and learn how to be assertive in these situations. The course will show you how to overcome your natural, instinctive behavior in situations and learn more effective responses.

What you will learn:

- What is assertive, aggressive, and passive behavior?
- What effect does this behavior have on you and others?
- Understanding our rights and responsibilities.
- Recognizing an assertive response.
- Three steps to assertive behavior
- Saying 'no' without feeling guilty.
- Comparing constructive criticism and destructive criticism.
- Dealing with criticism assertively.

## Upcoming Courses:

<b>2023 Schedule</b>	<b>Edinburgh Dates</b>	<b>Glasgow Dates</b>	<b>Virtual Classroom Dates</b>
<i>January</i>	10 <sup>th</sup> January	19 <sup>th</sup> January

<i>April</i>			
<i>May</i>	2 <sup>nd</sup> May	9 <sup>th</sup> May	
<i>June</i>			
<i>July</i>		12 <sup>th</sup> July	
<i>August</i>	1 <sup>st</sup> August		
<i>September</i>		5 <sup>th</sup> September	
<i>October</i>	2 <sup>nd</sup> October		
<i>November</i>		5 <sup>th</sup> November	
<i>December</i>	2 <sup>nd</sup> December		19 <sup>th</sup> and 20 <sup>th</sup> December – 1.30 pm – 4.30 pm

## Better Business Writing

In this course we will look at what business writing is, how to do it and how to do it well. Although business writing can seem a little overwhelming to begin with, it can be relatively easy to learn – once you understand the basics of what is required.

### What you will learn:

- **Introduction** – why it’s important and the benefits of good business writing, back to basics with grammar, punctuation, and spelling.
- **Writing with impact** – be clear, write less, active verbs, setting the tone, using positive versus negative language, condescension, cliches and jargon, writing with your reader in mind, non-sexist language.
- **Structure and style** – knowing your audience and knowing your purpose.

## Upcoming Courses:

## Leadership Skills

For managers who are developing into senior leaders. You are even less involved in the day-to-day delivery of the work; your success depends on your ability to manage your managers as well as mentor and inspire others. Your people skills need more finesse because there is more at stake; your emotional intelligence comes to the fore as people look to you to set the tone and the organizational culture. This course is going to show you the way of becoming an inspiring leader.

### What you will learn:

- Identify the main types of leadership.
- Identify the main characteristics of different theories of leadership – train, transactions etc.
- Demonstrate an ability to apply different leadership styles and characteristics to different business situations.
- Demonstrate an understanding of the advantages and disadvantages of different leadership approaches to a problem.
- Develop emotional intelligence skills.
- Demonstrate mentoring techniques.
- Understand the importance of starting with your ‘why’.

## Upcoming Courses:

<b>2024 Schedule</b>	<b>Edinburgh Dates</b>	<b>Glasgow Dates</b>	<b>Virtual Classroom Dates</b>
<i>January</i>		8 <sup>th</sup> January	On demand
<i>February</i>	7 <sup>th</sup> February		On demand

<i>September</i>		10 <sup>th</sup> September	On demand
<i>October</i>	7 <sup>th</sup> October		On demand
<i>November</i>			On demand
<i>December</i>		16 <sup>th</sup> December	On demand

## Management Skills

As you develop as a manager you are even less involved in the day-to-day delivery of the work. Your success depends on your ability to manage your team, manage others who supervise and manage technical specialists. Your role is less about your technical skills and will demand even higher levels of people skills. Your coaching skills will need more finesse as you may find yourself coaching supervisors and junior managers who act as coaches at their own level.

This course will help you develop the right people skills and keep you developing for future management roles. Ideal for those with some management experience, this course will help you benchmark your skills, trouble shoot pinch points and set the scene for middle levels of management.

### **What you will learn:**

- Develop your team.
- Use different management approaches.
- Plan and attend productive meetings.
- Deal with disciplinary situations with confidence.
- Manage absence.
- Develop and conduct competency-based interviews.
- Structure inspiring coaching sessions

<i>September</i>		27 <sup>th</sup> September	
<i>October</i>			
<i>November</i>	19 <sup>th</sup> November		27 <sup>th</sup> November
<i>December</i>		3 <sup>rd</sup> December	

## Presentation Skills – 2-day workshop

This 2-day course will help you hone your skills and give you the tools and space to practice delivering your message in a creative and confident manner. Classes are small and mainly experimental, allowing the trainer to focus and coach whilst reflecting on your particular challenges and requirements.

### **What you will learn:**

- To overcome the natural fear of speaking to an audience and use nervousness to your advantage.
- To design a presentation that people remember.
- To understand and gain the non-verbal skills all good speakers need.
- To develop presence and confidence when speaking to a group.
- To connect with your audience and make them listen.
- To use pace to influence and impact listeners.
- To deliver engaging and memorable presentations.

## Train the Trainer – 3- day workshop

This course will introduce participants to the issues, methodologies and techniques of training design and delivery. Each day consists of practical experience as well as hundreds of useful tips and techniques. The first part of the course concentrates on the design and structure of training as a learning tool; it then moves on to presentation, delivery, and facilitation so each day builds up to complete a full training methodology. Attendees will be presenting their own short training on the final day, to put into practice everything they learn throughout the sessions.

### **What you will learn:**

- Identify training needs.
- Define and create aims and objectives that fit within an organizational perspective.
- Design training sessions
- Deliver training sessions that incorporate the trainer’s personality – metaphors, stories and humor.
- Evaluate training interventions.
- Dealing with difficult delegates.
